

KALDEWEI

THE EPITOME OF BATH CULTURE
Pioneers and Style Icons.

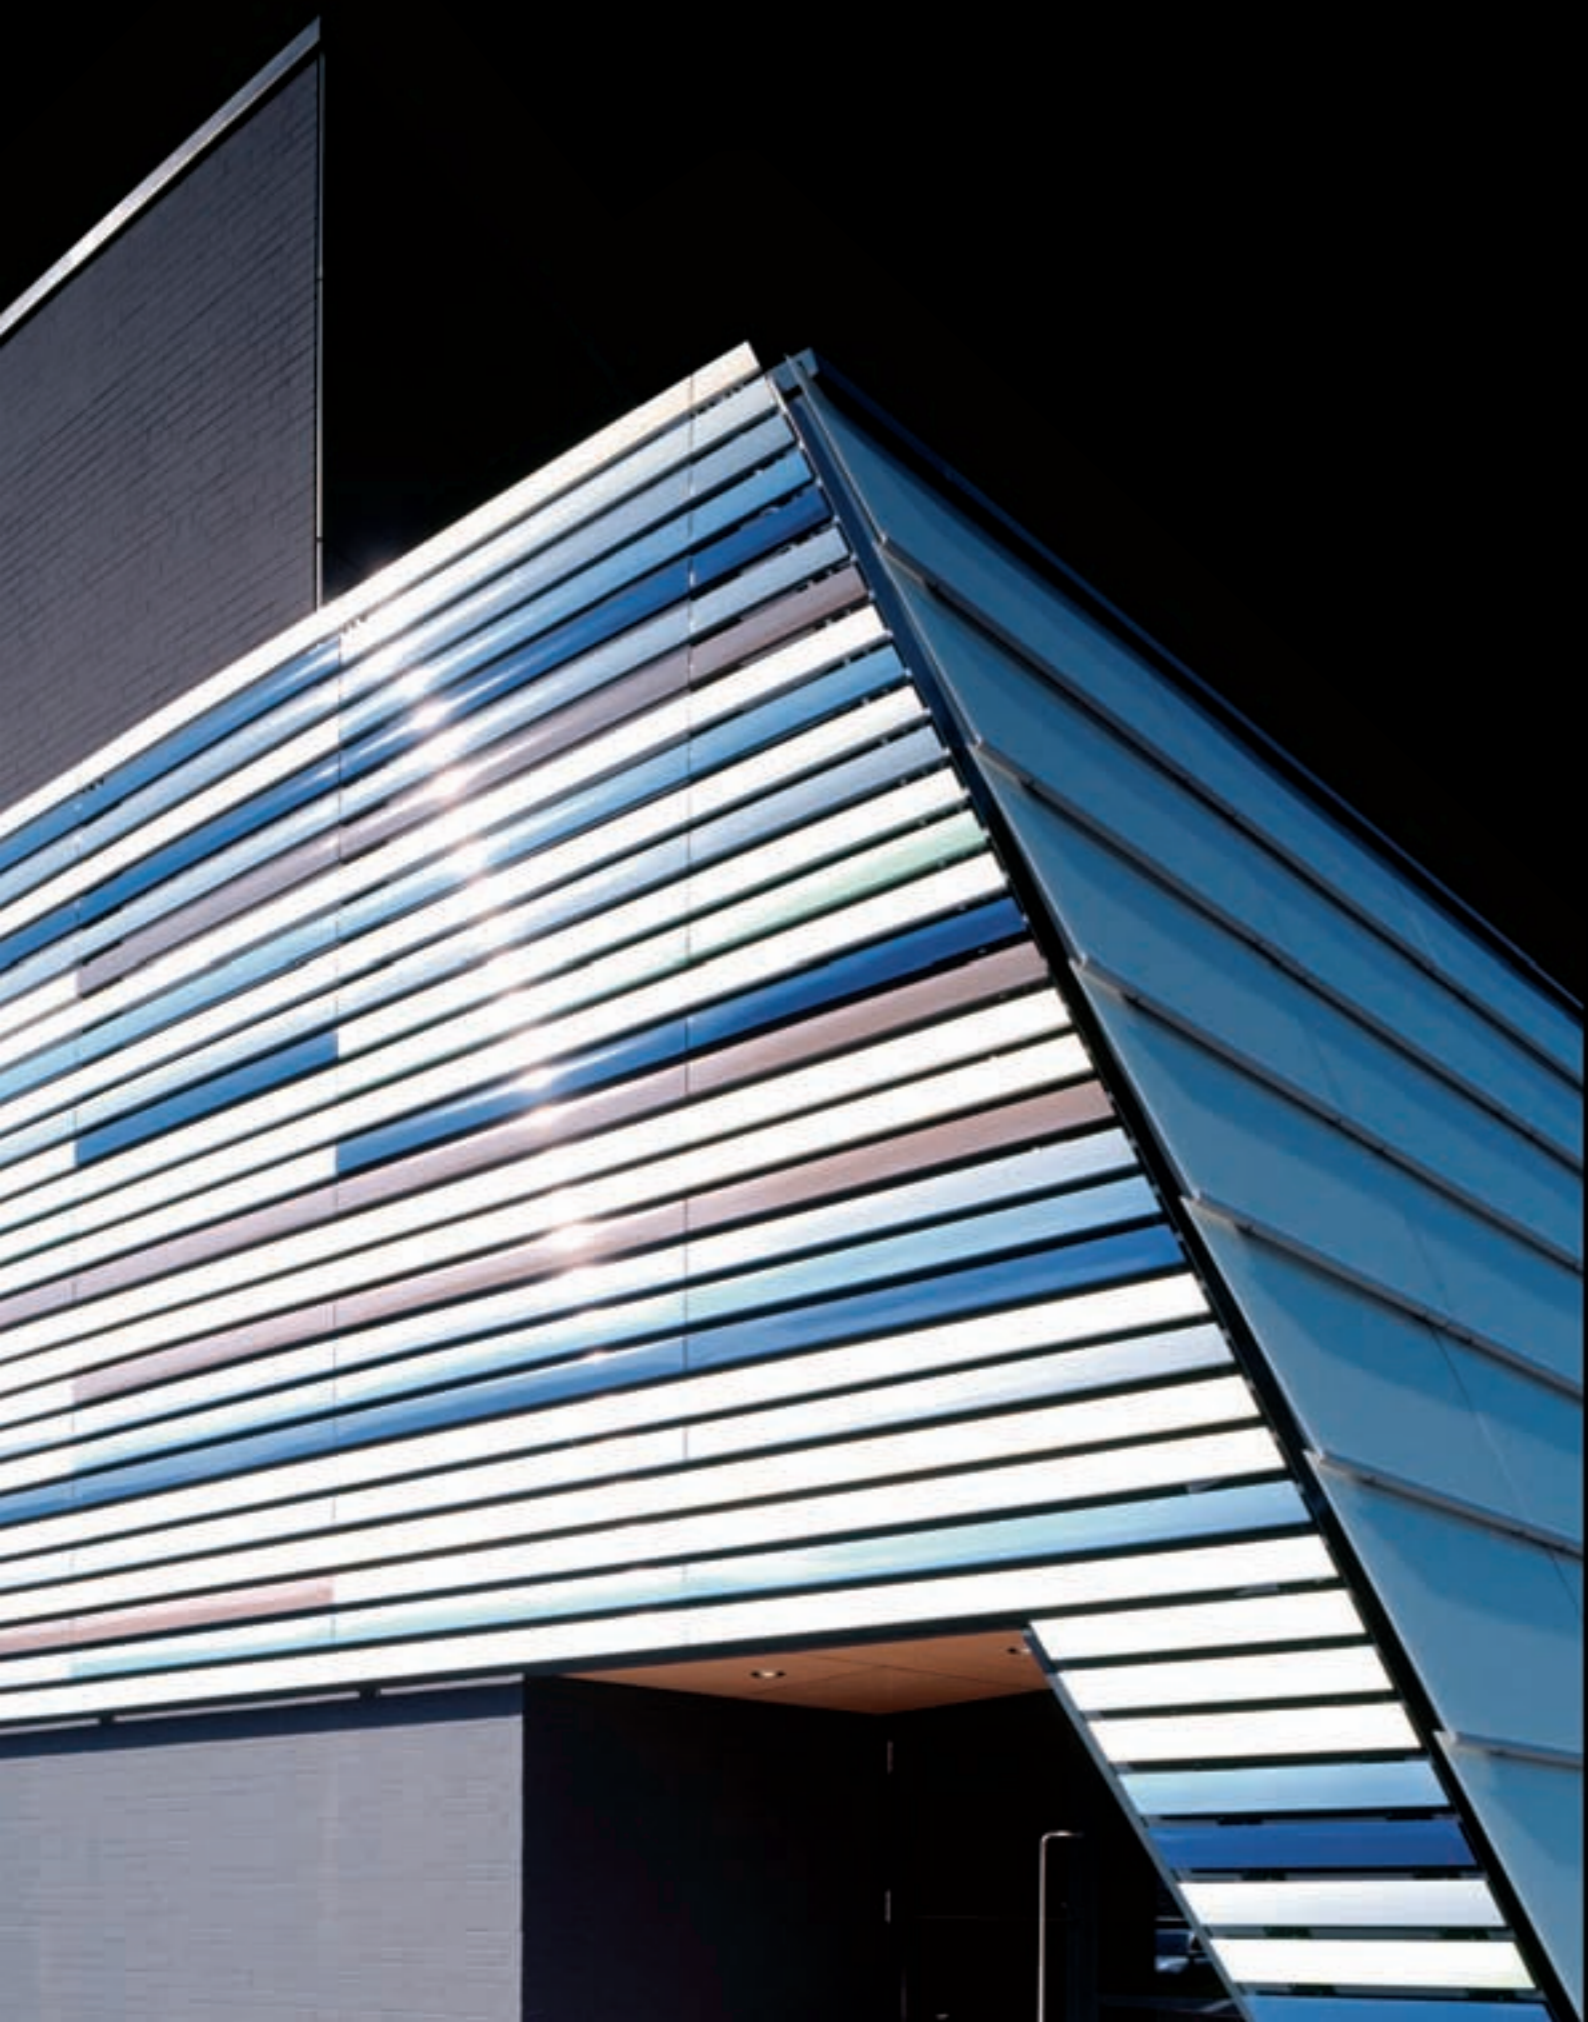

Architects, designers and developers are revolutionizing the bathroom, transforming it away from its traditional role as a mostly functional space into an oasis, a mini-spa, even an escape. No longer just a utilitarian space, today's bathroom is a place where more and more people seek to relax and unwind after a hectic day.

Innovative, eco-friendly technologies and high-tech manufacturing methods allow our designers to set new state-of-the-art standards. Kaldewei produces a special enamel that is so exquisite and long-lasting that is guaranteed to remain durable for at least 30 years.

The secret to true craftsmanship lies in the art of paying attention to the smallest of details. With this meticulous love of detail we have become a global bathroom pioneer and contemporary style icon. We hope you share this passion and feel our dedication while looking through this catalogue.

PIONEERS

PIONEERS MADE IN GERMANY

Shaping the future means inventing it. The basis for any success is product excellence. Kaldewei has continually created product milestones and revolutionized the market. In 1934 we introduced the first freestanding bath in Germany. In 1957 the first seamless baths made from a single sheet of steel were launched. With this technology Kaldewei replaced the cast iron baths, which were common then and became market leader in Germany. In 1989 Kaldewei introduced TURBO WHIRL, the first pipe-free whirl-system. In 2009 CONOFLAT celebrated a premiere as the world's first absolutely floor-level shower tray with an enamelled waste cover. The company was named "Brand of the Century" in Germany in 2010, honouring almost a century of pioneering achievements.

STYLE ICONS

CREATIVITY AND STYLE

Kaldewei baths and shower trays are meticulously crafted with steel enamel 3.5 mm. They are masterpieces of bathroom design: extravagant, exquisite and elegant. Designed as prestige items they can transform every bathroom into a shrine of aesthetic sensuousness. Today, Kaldewei is one of the world's most prestigious bath manufacturers – with over 60 awards to prove it. The products, created with internationally renowned designers including Sottsass Associati, Milan, and Phoenix Design of Stuttgart and Tokyo, range from traditional baths to new and exciting floor-level shower trays and are acknowledged by experts throughout the world as contemporary works of modern bath culture.

if design award China, awarded by the Industrie Forum Hannover. Gute Gestaltung, awarded by the "Deutscher Designer club e.V. (DDC)". Good Design, awarded by The Chicago Athenaeum, Museum for Architecture and Design. The International Design Prize, Baden-Württemberg. iF Product Design Award, awarded by the Industrie Forum Hannover. "universal" design award. "reddot" award for high design quality, awarded by the Design Zentrum North-Rhine Westfalia, Essen. Nominated for the Design Prize conferred by the Federal Republic of Germany. DP3D - The German prize for 3 dimensionality. Interior Innovation Award, awarded by Rat für Formgebung. Design Plus Sanitär Heizung Klima, awarded by Messe Frankfurt GmbH.

KALDEWEI STEEL ENAMEL 3.5 MM

Californian Borax, Scandinavian quartz, feldspar and soda. In the world's largest enamelling furnaces, Kaldewei uses glass-forming natural materials to produce a special enamel with a surface that is guaranteed to remain durable for at least 30 years. The enamel is burned permanently on the surface so that not even the microscopically tiniest scratches can mark the smooth, glass-hard surface: bacteria don't have a chance to settle. The unique surface also has easy-care properties: therefore cleaning takes only moments, and no smears or traces remain when dry.

Kaldewei is the only manufacturer that offers a material thickness of 3.5 mm throughout its entire range. Kaldewei steel enamel 3.5 mm possesses the same properties as real glass shower screens, tiles and ceramic, so that all the materials in the bathroom have a uniform appearance – giving a holistic feeling.

TOTALLY INCOMPARABLE - TWELVE ADVANTAGES OF KALDEWEI 3.5 MM STEEL ENAMEL

1 SCRATCHPROOF

Kaldewei baths and shower trays cannot be scratched by any of the materials usually found or used in the bathroom.

2 ABRASION PROOF

If metal rubs against enamel, the metal rubs off; the enamel remains unchanged.

3 PARTICULARLY HYGIENIC, EASY TO CARE FOR & DIRT-REPELLENT

Water simply runs off the smooth, glass-hard surface of Kaldewei steel enamel 3.5 mm with the easy-clean finish, taking almost all of the dirt and limescale particles with it.

4 IMPACT RESISTANT

Kaldewei steel enamel 3.5 mm is much harder than acrylic.

5 GLASS-LIKE

Kaldewei steel enamel 3.5 mm has the same properties as real glass shower partitions, tiles and ceramic, which means that all the materials in the bathroom can match.

6 COLOURFAST AND LIGHTFAST

Kaldewei steel enamel 3.5 mm is lightfast and resistant to UV light and does not fade. By contrast, acrylic can change colour.

7 ACID AND CHEMICAL RESISTANT

Kaldewei steel enamel 3.5 mm is resistant to all cosmetic and medicinal bathing additives and perfumes that can be tolerated by human skin (e. g. hair dyes).

8 HEAT RESISTANT

Burning or glowing objects (e.g. cigarettes or candles) will not leave burns or smoulder marks on Kaldewei steel enamel 3.5 mm.

9 MINIMAL MATERIAL EXPANSION

Kaldewei baths and shower trays hardly expand at all in temperature fluctuations, which is why joints never tear or crack, and nor can moisture damage the structures.

10 DESIGN COMPETENCE

With around 60 awards, Kaldewei is one of the most acclaimed bath manufacturers in the world.

11 30-YEAR GUARANTEE

Kaldewei offers all its baths and shower trays with a 30-year guarantee (guarantee pass).

12 ECOLOGICAL SUSTAINABILITY

Due to the environmentally compatible procedures used in manufacture, packaging, transportation and disposal, Kaldewei is the first German sanitary ware manufacturer to be certified sustainable to ISO 14025 by the Institut Bauen und Umwelt e.V., the Institute of Building and the Environment.

ECOLOGICAL SUSTAINABILITY - THE CONCEPT OF THE FUTURE

Kaldewei has followed the path of ecological sustainability for over 90 years. Systematic implementation of this material philosophy means that all baths and shower trays made of Kaldewei steel enamel 3.5 mm can be completely recycled at the end of their lifetime. Thanks to the eco-friendly processes used in manufacture, packaging, transportation and disposal, Kaldewei is the first German sanitary ware manufacturer to be certified as sustainable in accordance with ISO 14025 by the German Institute of Building and the Environment.

SUSTAINABILITY

GUARANTEE

30-YEAR GUARANTEE

Kaldewei has always understood how to create products with lasting value – through its spirit of permanent innovation and through the use of long-lasting, durable enamel. Kaldewei steel enamel 3.5 mm guarantees the stability, solidity and durability of all baths and shower trays. Guaranteed for 30 years.

AT HOME IN THE BEST HOTELS IN THE WORLD

Today's guests – whether on business in Dubai or on a cruise holiday – expect more than a typical standard bathroom. They want a bathroom to feel good in and relax in – with that certain something extra. Enough reason that throughout the world renowned architects, exclusive hotels and luxurious cruise lines value the quality and Kaldewei's many different designs for baths and shower trays. You will find a selection of leading addresses on www.kaldewei.com.

ROCCO FORTE HOTEL DE ROME*****

INTERALPEN-HOTEL TYROL*****

AIDA CRUISES*****

The Burj Khalifa is the highest building in the world at 828 metres and has the most storeys. The Armani Hotel which is located in the building was furnished by the architects with Kaldewei baths and opened at the beginning of 2010.

ARCHITECTURE

THE NEW ERA OF BATHING

The last few years have seen interior design change the face of bathrooms as they have become increasingly more luxurious, more spacious and more like a spa retreat. There is a trend towards extravagant, free-standing baths with extras, and floor-level shower trays, built in to the room offering more room for manoeuvre. The bathroom is now becoming a place for peace and reflection. A place in which you can live your dreams. And where your body and soul find their equilibrium.

MODERN THINKING

TRUE LUXURY IS TIME - TIME FOR YOURSELF

Let yourself unwind. Sense how constraints seem to dissolve into nothing. Water caresses our bodies like no other element, allowing us to escape from the daily grind, giving our thoughts time to fly. Lying in a Kaldewei bath means pure relaxation and absolute tranquility.

LUXURY

BATHS ■ ■ ■

For a long time now, Kaldewei has been combining the beauty of tradition with the aesthetics of the future. Our baths are considered to be state-of-the-art by designers and architects around the world, which is reinforced by having won around 60 prizes and awards.

Whether you want a freestanding bath, an extra large floating pool or a double bath with concealed lighting, you can choose from a variety of models in numerous different shapes, colours and models. All have various accessory options. All are made of high-quality Kaldewei steel enamel 3.5 mm. All have a 30-year guarantee.

DESIGN

Phoenix Design, Stuttgart/Tokyo. The unpretentious design of the BASSINO shower pool with its straight lines conveys lightness whilst the generous space allows you to lie outstretched and to move freely in the water.

Size: 200 x 100 x 35.5 cm

PANELLING

BASSINO with moulded panel.
(Model no. 144 -7)

BASSINO (Model no. 144)

FLOATING

With its spacious interior, BASSINO invites bathers to float weightlessly in the water. For an optimal floating effect, it comes with a cushion to be placed under the neck, supporting the head. Floating encourages quiet, even breathing and loosens up the muscles. A trance-like state of tranquillity is achieved, with an unparalleled deep relaxation effect.

SHOWERING

With its ample proportions, BASSINO also offers great freedom of movement when showering.

INSTALLATION

BASSINO can be installed freestanding, panelled at a wall, or in a corner. A freely adjustable tub seat (95 x 26 cm), that can be used as a shelf or seat, extends the range of comfort available and complements the idea of individual, versatile bathing pleasure.

SPECIAL FITTINGS/ACCESSORIES

Easy-clean finish, lighting set, Comfort-Level/Comfort-Level Plus, pool handle, indirect lighting, decoration, waterfall bath inlet, relax lounger, bath board. All technical specifications and available dimensions are on pages 160/161.

Cushion included in the accessory pack to enhance relaxed floating.

Bath board

DESIGN

Sottsass Associati, Milan. Unpretentious and sophisticated elegance distinguish this range of baths. The oval shape, the special depth of 47 cm, two identical backrests and central waste ensure that you can bathe à deux particularly conveniently and comfortably.

SPECIAL FITTINGS/ACCESSORIES

Slip-resistant anti-slip and full anti-slip, easy-clean finish, lighting set, Comfort-Level/Comfort-Level Plus, indirect lighting, decoration, pool handle, waterfall bath inlet/waterfall bath inlet with overflow (not for baths with panel). Also available as a whirlpool. Relax lounge only for CENTRO DUO (180 x 80 cm).

All technical specifications and available dimensions are on pages 160/161.

MOULDED PANEL

An eye-catcher in any bathroom. The moulded panel, perfectly adapted to the shape of the tub, logically picks up on the design of this model and in so doing creates the option of experiencing design in the room with this freestanding tub.

CENTRO DUO OVAL with moulded panel. (Model no. 128 -7)

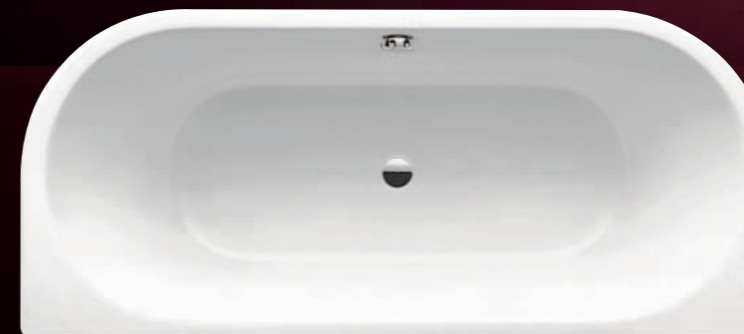

CENTRO DUO OVAL
(Model no. 128)

The **CENTRO DUO** is the classically elegant rectangular version. (Model no. 133)

The **CENTRO DUO 1** with rounded corner at the left. (Model no. 136)

The **CENTRO DUO 2** with two rounded corners. (Model no.135)

CENTRO DUO 6 with oval inner und hexagonal exterior form. (Model no. 134)

DESIGN

Sottsass Associati, Milan. The CONODUO unites independent design and excellent bathing comfort with a sense of peace and clarity. Architectonic and geometric elements merge to create a distinctive form. Other special features include the concealed waste with enamelled waste cover and an enamelled knob for outflow control.

SPECIAL FITTINGS/ACCESSORIES

Anti-slip finish, full anti-slip finish, easy-clean finish, lighting set, Comfort-Level/Comfort-Level Plus, indirect lighting, decoration, pool handle, waterfall bath inlet. Relax lounger for the CONODUO (180 x 80, 190 x 90 and 200 x 100 cm). Also available as a whirlpool.

All technical specifications and available dimensions are on pages 160/161.

CONODUO (Model no. 734)

MOULDED PANEL

The moulded panel allows the CONODUO to be placed in the middle of the room.

CONODUO with moulded panel.
(Model no. 734 -7)

DESIGN

Phoenix Design, Stuttgart/Tokyo. The square ELLIPSO DUO bath has strong geometric lines and the edge design is distinguished by a sophisticated, flowing shape. Its soft elliptical interior shape promises safety and comfort. The round shoulder area and precisely formed sides create a generous sense of space that invite you to take a relaxing bath alone or with a partner. The ELLIPSO DUO OVAL emphasises the feeling of luxury and extravagance even more in that its inner elliptical shape is reflected in its exterior too.

SPECIAL FITTINGS/ACCESSORIES

Anti-slip finish, full anti-slip finish, easy-clean finish, lighting set, Comfort-Level/Comfort-Level Plus. Also available as a whirlpool bath (not for baths with moulded panel). All technical specifications and available dimensions are on pages 160/161.

MOULDED PANEL

The inner shape of the freestanding bath with its own elliptical moulded panel fits around the tub like a second skin.

ELLIPSO DUO OVAL black
with moulded panel.
(Model no. 232-7)

ELLIPSO DUO (Model no. 230)

ELLIPSO DUO OVAL (Model no. 232)

DESIGN

Sottsass Associati, Milan. The MEGA DUO combines generosity with aesthetic individuality. It is as though these baths have been specifically created for bathing with a partner. For not only do the two identically shaped back rests and the central waste offer the highest levels of comfort for two people, but the wide armrests on both sides of the tub also provide extra luxury.

for MEGA DUO OVAL
with moulded panel

SPECIAL FITTINGS/ACCESSORIES

Anti-slip finish and full anti-slip finish (not available on MEGA DUO 6), easy-clean finish, lighting set, Comfort-Level/Comfort-Level Plus, pool handle. Also available as a whirlpool.

All technical specifications and available dimensions are on pages 162/163.

MEGA DUO OVAL

The MEGA DUO OVAL, designed by Phoenix Design Stuttgart/Tokyo, is available with moulded panel on request. It combines generous sizes with aesthetic uniqueness. The moulded panel manufactured from one piece harmoniously suits the shape of the tub and allows it to be freestanding.

(Model no. 184-7)

MEGA DUO

Thanks to its classic rectangular shape and its generous volume, bathing with a partner is always a pleasure.

(Model no. 180)

MEGA DUO 6

For those who are looking for a corner solution but don't want to do without the striking design offered by this model range, we've developed the hexagonal MEGA DUO 6.

(Model no. 182)

MEGA DUO OVAL
(Model no. 184)

DESIGN

Phoenix Design, Stuttgart/Tokyo. Thanks to its generous proportions, its flowing inner contours, and the shape that tapers at the foot end, the PLAZA DUO double bath is particularly suitable for two people to enjoy a bath side by side. Available in left-facing or right-facing versions.

SPECIAL FITTINGS/ACCESSORIES

Anti-slip finish, full anti-slip finish, easy-clean finish, lighting set, Comfort-Level/Comfort-Level Plus, decoration, pool handle, waterfall bath inlet/waterfall bath inlet with overflow. Also available as a whirlpool. All technical specifications and available dimensions are on pages 162/163.

PLAZA DUO left. (Model no. 192)

PLAZA DUO right. (Model no. 190)

**DUO POOL** (Model no. 150)**DESIGN**

Sottsass Associati, Milan. Deep inside, curvy outside. At 50.5 cm depth, the DUO POOL is a bath for true indulgence. The pool's balanced dimensions offer optimum volume and freedom of movement. Thanks to its unusually compact length and generous width, the DUO POOL's spaciousness can be yours in virtually any size of bathroom.

DESIGN PLUS**SPECIAL FITTINGS/ACCESSORIES**

Anti-slip finish, full anti-slip finish, easy-clean finish, lighting set, Comfort-Level/Comfort-Level Plus, decoration, pool handle, waterfall bath inlet/waterfall bath inlet with overflow. Other moulded panel designs available.

All technical specifications and available dimensions are on pages 160/161.

DUO POOL with panel (Model no. 150-6)

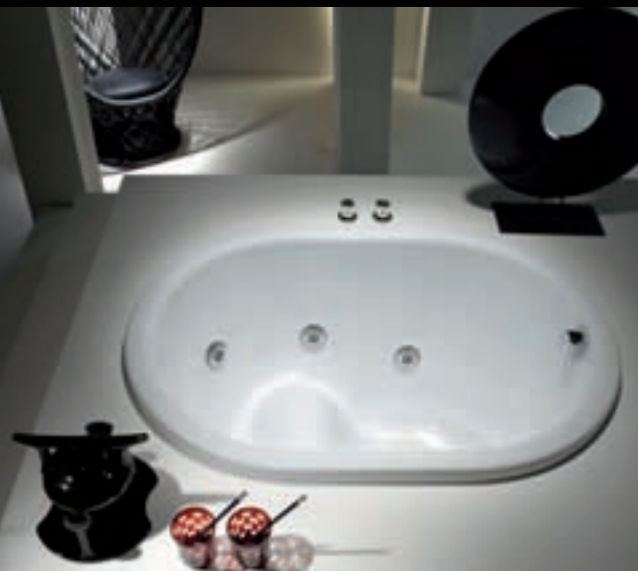

DESIGN

Sottsass Associati, Milan. Relaxing energy comes from the 81 cm depth in the KUSATSU POOL that originates from Japanese bathing culture. Allowing you to submerge your entire upper body under the water. You sit as comfortably as you would in a large armchair allowing you to enjoy the particular joys of bathing. A luxury class pool.

DESIGN PLUS

SPECIAL FITTINGS/ACCESSORIES

Easy-clean finish, lighting set, waterfall bath inlet. Also available as a whirlpool. All technical specifications and available dimensions are on pages 162/163.

KUSATSU POOL
with VIVO TURBO PLUS.

KUSATSU POOL
(Model no. 177)

DESIGN

Phoenix Design, Stuttgart/Tokyo. The PUNTA DUO 3 is an impressively creative corner solution with its generous interior and with its armrest that can also be used as a seat, offers particularly versatile bathing luxury. In spite of its compact exterior dimensions it is very spacious being 129 cm long.

SPECIAL FITTINGS/ACCESSORIES

Easy-clean finish, lighting set, Comfort-Level/Comfort-Level Plus, pool handle. Also available as a whirlpool. All technical specifications and available dimensions are on pages 162/163.

CLASSIC DUO (Model no. 110)

CLASSIC DUO OVAL WIDE with moulded panel and generously designed tub edge. (Model no. 115-7)

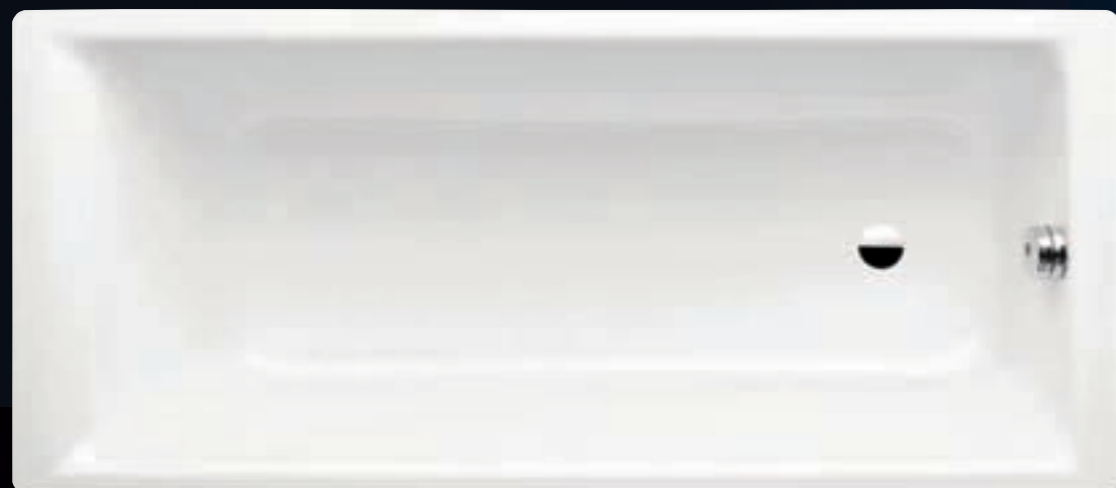

DESIGN

Kaldewei Design. One of the basic principles of modern architecture and interior design is reducing all elements to their core. The clean and unpretentious design of PURO also follows this approach. As a one-person bath it fulfils the desire for a high-quality yet affordable design. The PURO has a particularly generous length for extraordinary high levels of bathing luxury. It is available with overflow at the footend or at the side.

SPECIAL FITTINGS/ACCESSORIES

Anti-slip finish, full anti-slip finish, easy-clean finish, lighting set, Comfort-Level/Comfort-Level Plus, decoration, pool handle, waterfall bath inlet/waterfall bath inlet with overflow for models with side overflow. Relax lounger only for PURO (180 x 80 cm). Also available as a whirlpool.

All technical specifications and available dimensions are on pages 166/167.

PURO (Model no. 653)**PURO** with side overflow
(Model no. 657)

AQUAMARIN STAR with handles (Model no. 281)

DESIGN

Jochen Flacke Design. With its back rest shaped to the body and its pronounced neck rest, the AQUAMARIN is synonymous with the highest levels of bathing luxury. With its extra length it is best suited to particularly tall people allowing all their senses to enjoy bathing.

SPECIAL FITTINGS/ACCESSORIES

Anti-slip finish, full anti-slip finish, easy-clean finish, lighting set, Comfort-Level/Comfort-Level Plus, handles, decoration (only for tubs without handles), pool handle. Also available as a whirlpool.

All technical specifications and all available dimensions are on pages 164/165.

DESIGN

Phoenix Design, Stuttgart/Tokyo. The classic square Dyna baths offer everything you need for a relaxing bathing experience. To begin with, the basic shape of the one-person DYNA provides a lot of space with its comfortable broad ends. And, thanks to the tapered interior, saves on water consumption.

SPECIAL FITTINGS/ACCESSORIES

Anti-slip finish, full anti-slip finish and easy-clean finish, lighting set, Comfort-Level/ Comfort-Level Plus, decoration (DYNA only), pool handle (DYNA SET/STAR only), relax lounger (DYNA SET/STAR 180 x 80 cm), handles (only DYNA STAR and DYNA SET STAR). Also available as a whirlpool (DYNA SET only).

All technical specifications and all available dimensions are on pages 164/165.

DYNA SET

The DYNA SET is a combination tub that is equally suitable for bathing or showering. A wide, level standing area emphasises the generous proportions of this compact tub. Four different sizes ensure your personal comfort when bathing.

DYNA DUO

Two pronounced ends and the central waste guarantee a comfortable bathing experience with a partner with DYNA DUO. The high position of the overflow allows you to fill the tub full and offers you the opportunity to submerge yourself.

SHOWERS ■ ■ ■

Walk-in showers featuring floor-level shower trays provide a seamless transition from floor to shower area. But it's not just the innovative design, these trays are practical, they have an inherent long life guarantee and they are considered to be state-of-the-art by many renowned designers and architects. The ESR II installation system frame, ensures permanent protection from moisture penetration damage, has been developed for these quality showers. A highlight is the first absolutely floor-level shower tray, the CONOFLAT, with an enamelled waste cover. It reflects Kaldewei's pioneering spirit and sense of design.

	120 cm					■					

DESIGN

Sottsass Associati, Milan. The CONOFLAT has an extremely flat design without any edges to trip over. The enamelled waste cover fits seamlessly into the surface that is level with the floor. For new and elegant aesthetics, for unlimited freedom of movement and optimal comfort when standing. The CONOFLAT, available in 29 dimensions, guarantees pleasure when showering: from 75 x 90 cm to 90 x 170 cm.

COMBINATION

The CONOFLAT does not only guarantee a pleasurable showering experience but because of its integrated design concept it is a perfect match for the CONODUO bath.

SPECIAL FITTINGS/ACCESSORIES

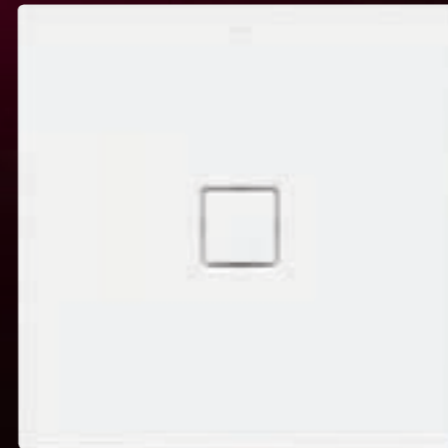

Anti-slip finish, full anti-slip finish, gold decoration, decoration, easy-clean finish, Coordinated Colours Collection. All technical specifications and available dimensions can be found on page 174/175.

Completely floor-level

The highest levels of comfort when standing due to the enamelled waste cover that is floor-level.

CONOFLAT (Model no. 786)

LADOPLAN (Model no. 768)

DESIGN

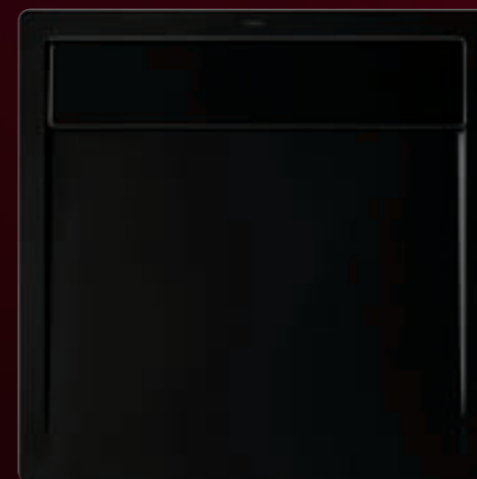

Kaldewei Design. Sophisticated design. Pure pleasure. That sums up this floor-level shower tray. The elegant waste cover positioned to the side is integrated harmoniously into the overall design.

SPECIAL FITTINGS/ACCESSORIES

Outflow cover, anti-slip finish, anti-slip decoration, decoration, easy-clean finish, full anti-slip finish. All technical specifications and available dimensions are on pages 174/175.

The elegant waste cover positioned at the side is harmoniously integrated into the overall design.

LADOPLAN
Also available in black.

DESIGN

Phoenix Design, Stuttgart/Tokyo. The PIATTO shower tray with its contemporary design creates an extremely individualistic bathroom style. Self-assured and imposing, this freestanding shower with its generous dimensions commands the space like a fascinating sculpture. In order to create the impression of a uniform round surface, the centrally located waste has been fitted with a cover in the same colour as the shower tray. The PIATTO comes as standard with easy-clean finish for effortless care. With an edge height of 6 cm, the shower tray looks like it is suspended above the ground. The imposing 150 cm diameter offers an exceptional amount of space for an exclusive showering experience.

PIATTO (Model no. 800-2)

SHOWER CURTAIN

The elegant shower curtain made from Teflon-coated taffeta has contact magnets concealed in the lower hem to create an attractive flush seal. The PIATTO shower curtain is available in bordeaux red, anthracite and chamois beige.

SPECIAL FITTINGS /ACCESSORIES

Waste fitting (standard feature), anti-slip finish, shower curtain, easy-clean finish (standard feature), curtain ring.

All technical specifications and available dimensions are on pages 176/177.

SUPERPLAN

Kaldewei Design. Less is more. The SUPERPLAN is an impressive demonstration of this principle. With just 2.5 cm in depth, this shower tray is extremely shallow, making it ideal for installation at floor level. The elegant design turns your daily shower routine into an exclusive experience. With its variety of different dimensions (from 75 x 80 x 2.5 cm to 120 x 120 x 2.5 cm) the SUPERPLAN shower tray can be seamlessly integrated into any room situation.

SPECIAL FITTINGS/ACCESSORIES

Anti-slip finish, full anti-slip finish, anti-slip decoration, easy-clean finish, decoration, coloured waste cover, Coordinated Colours Collection. All technical specifications and available dimensions are on pages 176/177.

SUPERPLAN XXL 150 x 150mm. (Model no. 413)

SUPERPLAN (Model no. 385)

SUPERPLAN XXL (Model no. 409)

SUPERPLAN XXL

Phoenix Design, Stuttgart/Tokyo. The SUPERPLAN XXL is the new dimension in showering. Thanks to its installation at floor level, this shower tray represents a successful combination of spaciousness and elegance. The SUPERPLAN XXL is, like SUPERPLAN, also available in many different sizes.

SPECIAL FITTINGS/ACCESSORIES

Anti-slip finish, full anti-slip finish, anti-slip decoration, easy-clean finish, decoration, coloured waste cover, Coordinated Colours Collection. All technical specifications and available dimensions are on pages 176/177.

DESIGN

Phoenix Design, Stuttgart/Tokyo. The soft, rounded lines in the interior of the BELLEZZA shower tray form a pleasant contrast to the corners on the exterior. This shape is an ideal corner solution. Bathroom furniture also works well with it. The BELLEZZA shower tray is available in various depths.

SPECIAL FITTINGS /ACCESSORIES

Anti-slip finish, easy-clean finish, coloured waste cover, Coordinated Colours Collection (for depths of 6 cm and below).

All technical specifications and available dimensions are on pages 174/175.

BELLEZZA (Model no. 579)

CORNEZZA (Model no. 670)

DESIGN

Phoenix Design, Stuttgart/Tokyo. This pentagonal shower tray boasts a streamlined form reduced to the essentials. Featuring plenty of standing room for great freedom of movement and the option of floor-level installation for more elegance in the bathroom.

SPECIAL FITTINGS /ACCESSORIES

Anti-slip finish, anti-slip ornament, easy-clean finish, coloured waste cover, Coordinated Colours Collection (for depths of 6 cm and below).

All technical specifications and available dimensions are on pages 174/175.

CORNEZZA with apron.
(Model no. 680)

DUSCHPLAN

Phoenix Design, Stuttgart/Tokyo. The simplest things in life are often the most refreshing. Such as the DUSCHPLAN with its modern, timeless design and shower tray of only 6.5 cm deep. This classic amongst shower trays can be easily installed in every bathroom. And the apron brings more elegance to the bathroom. The DUSCHPLAN is available in a rectangular or square design and in various dimensions.

SPECIAL FITTINGS/ACCESSORIES

Anti-slip finish, easy-clean finish, coloured waste cover.

All technical specifications and available dimensions are on pages 178/179.

(Model no. 523-2)

ARRONDO (Model no. 870)

DESIGN

Phoenix Design, Stuttgart/Tokyo. This quartercircular shower tray captivates with its minimalist formal language, based on the fascinating dialogue between circle and square. In ARRONDO the large standing area offers plenty of freedom of movement when showering.

SPECIAL FITTINGS/ACCESSORIES

Anti-slip finish, anti-slip decoration, easy-clean finish, coloured waste cover, Coordinated Colours Collection (for depths of 6 cm and below). All technical specifications and available dimensions are on pages 178/179.

ARRONDO with moulded apron. (Model no. 880)

DESIGN

The FONTANA not only fits perfectly in any corner, its semicircular outer contour also saves space while providing a lovely design highlight. And a generous standing area offers great freedom of movement when showering.

SPECIAL FITTINGS /ACCESSORIES

Anti-slip finish, easy-clean finish, coloured waste cover, Coordinated Colours Collection (for depths of 6 cm and below).

All technical specifications and available dimensions can be found on page 178/179.

FONTANA with apron. (Model no. 567)

FONTANA (Model no. 564)

DESIGN

Phoenix Design, Stuttgart/Tokyo. With their modern, clean lines, the SANIDUSCH shower trays are bathroom classics. The SANIDUSCH is available not only with apron and in different depths, but also in variable widths and lengths in either rectangular or square shapes. Because of the large range of different dimensions, the SANIDUSCH can be integrated seamlessly into any space.

SPECIAL FITTINGS/ACCESSORIES

Anti-slip finish, easy-clean finish, coloured waste cover.

All technical specifications and available dimensions are on pages 180/181.

SANIDUSCH depth 14 (Model no. 395-1)

SANIDUSCH with apron.
(Model no. 522-2)

SANIDUSCH depth 25 (Model no. 495-1)

DESIGN

Streamlined design and plenty of standing room, but without taking up too much space. There are lots of reasons why you should start your day with the ZIRKON. The elegant quadrant shape, for example, that allows intelligent installation even in the smallest space. And not forgetting that this shower tray with its waste positioned at the side is also available in many sizes and depths. Thanks to the large number of different dimensions the ZIRKON shower tray fits seamlessly into any space.

SPECIAL FITTINGS/ACCESSORIES

Anti-slip finish, easy-clean finish, coloured waste cover, Coordinated Colours Collection (for depths of 6 cm and below).

All technical specifications and available dimensions are on pages 180/181.

ZIRKON (Model no. 600)

WHIRLNESS ■ ■ ■

THE RIGHT WAY TO USE A WHIRLPOOL

A whirlpool set at the correct temperature has many pleasant effects on the body and soul. The hydro-massage relaxes the musculature and tissues, while the sparkling bubbles increase the feeling of weightlessness and intensively clean the skin. The positive qualities of whirlpools invigorate the body and spirit. So that you can enjoy a healthy and relaxed life, we would like to provide you with information about the positive effects of different whirlpools.*

SYMPTOMS	TEMPERATURE	WHIRL TIME in minutes	BATHS per week	BATH PRODUCTS**	NOTES
Impaired circulation	Up to approx. 34 °C	15	4	Horse chestnut, hawthorn, oats	Alternate cold and hot baths not over 36 °C
Colds	38 °C	30	3	Eucalyptus, camomile, thyme, ivy, mountain pine	Follow up with a good night's sleep
Disturbed sleep	38 °C	30	7	Lavender, valerian, melissa	
Chronic fatigue	38 °C	25	7	Lavender, valerian, melissa	Evenings before retiring
Chronic fatigue	30 °C	10	7	Lemon, mint, camphor, rosemary	Mornings after rising
State of exhaustion	36 °C	20	4	Seaweed, rosemary, oats	Particularly well tolerated in the evening
Stress	37 °C	25	5	Melissa, camomile	
Migraines	32 °C	10		Rosemary, camomile, mint	At the onset of the attack where possible, followed by essential rest
Stiff muscles	38 °C	10		Spruce needle, horse chestnut	Whirlpool bath before and after sport
Convalescence (after illness)	34,5 °C	10	2	Rosemary, oats, hawthorn	Terminate bathing if you cannot tolerate it, low doses recommended
Increasing resistance, supporting the immune system	28 °C or below	7	7	Bay, camphor, eukalyptus, mint	Mornings
Increasing resistance, supporting the immune system	38 °C or above	7	7	Bay, camphor, eukalyptus, mint	Evenings
Menopause problems	33 °C	20	4	Horse chestnut, sweet calamus, St John's wort	Evenings

*The effects listed above can present differently in certain individuals.
 **Please do not use any oily or foaming bath products.

SENSUAL PLEASURE HAS MANY SOURCES

VIVO TURBO AND VIVO TURBO PLUS

In today's fast-moving world, a relaxing whirlpool bath is a moment of inner harmony. You can forget your worries and experience the pure pleasure of water with all your senses. The whirl intensity in the VIVO TURBO ranges from a gentle stimulation of the sensory hairs to a powerful, large-surface massage of the skin, subcutaneous tissue and muscles. The special feature of the VIVO TURBO is the addition of air, which could be integrated into the system while maintaining its outstanding hygienic standards. Individually adjustable whirl programmes round out this complete whirlpool experience.

VIVO VITA

One of the best counterbalances to the stress of everyday life is weightless floating in your whirl bath. In the VIVO VITA whirl system, a pleasant sparkling air stream flows through the water. Pre-warmed air rises from the base in tiny air bubbles. At the same time, numerous bubbles stimulate the nerve endings in the skin, which feels like a pleasant full-body massage. This soft massage has a relaxing and soothing effect on your mind. In addition, the cleaning effect of the tiny air bubbles is significantly higher than that of a conventional bath. Whirl intensity can be smoothly adjusted using the bath keyboard, from the soft stroke effect to a lasting effect of stimulating vibration and shaking massage.

VIVO AQUA ECO AND VIVO AQUA

The VIVO AQUA ECO is a perfect introduction into the Kaldewei whirl world. In this whirl system, water massage jets are targeted directly at your body through four or six nozzles (depending on bath design). Air can be optionally added to massage jet after the Venturi principle for a pleasant, massaging pressure on your skin and base layer. The intensity of the addition of air can be smoothly adjusted by the turn knob. In the VIVO AQUA whirl system, water massage jets are targeted directly at your body through six or eight nozzles (depending on bath design). Air can be optionally added to massage jet after the Venturi principle for a pleasant, massaging pressure on your skin and base layer. Massage effect can be smoothly increased by the turn knob to receive a soft vibratory massage with relaxing depth effect.

VIVO VARIO ECO AND VIVO VARIO PLUS

The VIVO VARIO ECO system ideally unites the benefits of air and water. An especially quiet blower whirls tiny air bubbles up from the floor jets for a caressing massage all over the body. At the same time, water streams from paired side jets to deeply massage the skin and muscles. The whirl intensity can be infinitely adjusted using the bath keyboard. In VIVO VARIO PLUS, the combined effect of floor and side jets is taken a step further. While bubbles rising from the floor jets create a tingling feeling we call the Kaldewei champagne effect, the rotating side jets provide skin and muscles with a pleasant massage. Additional jets integrated into the foot reflex zone and lumbar region ensure a relaxing, whole-body massage. All functions in the VIVO VARIO PLUS can be operated using the convenient Touch Display. Four favourite settings can be stored in the Touch Display and called up at any time.

Side jet in **VIVO TURBO** and **VIVO TURBO PLUS**.

**CENTRO DUO
AVANTGARDE**

Body and mind are bound together in harmony. It is best to be in tune with yourself for a sense of well being and health. Our whirlpool systems can be combined with many Avantgarde baths so that you can enjoy in an unusually relaxing and gently caressing massage or one that is invigorating.

The CENTRO DUO OVAL with the VIVO VARIO PLUS system is a perfect example for a spacious bath combined with an excellent whirlpool system. The elegant shape and an extremely comforting whirlpool experience are ideal for bathing alone or in company. All technical specifications and available dimensions are on pages 160/161.

CENTRO DUO OVAL with VIVO VARIO PLUS. (Model no. 128)

PURO with VIVO TURBO. (Model no. 652)

**PURO
AMBIENTE**

Isn't it wonderful to have a place where you can relax and simply switch off? A whirlpool is such an oasis for relaxation. It is even nicer if you can enjoy a well-deserved caressing massage in a bath that suits your own sense of aesthetics. Ambiente whirlpool baths combine modern shapes and relaxing whirlpool experiences at the highest level of pleasure.

For example, in the PURO with VIVO TURBO. The simple, pure design of this large-volume bath creates space for a high level of luxury when lying down and enjoying the whirlpool experience. All technical specifications and available dimensions are on pages 166/167.

SPECIAL FEATURES
ACCESSORIES

The last few years have seen interior design change the face of bathrooms as they have become increasingly more luxurious, more spacious and more like a spa retreat. Kaldewei offers a comprehensive range of special fittings, accessories and installation aids, such as the ESR II for floor-level shower trays. Everything is available from one source in the typical Kaldewei quality.

NEW SENSUAL COLOURS – COORDINATED COLOURS COLLECTION

This collection of matt colours highlights the particular features of our shower trays in an extraordinarily aesthetic way and sets new standards in sensuousness and quality. The colours of the floor-level shower trays in our Coordinated Colours Collection follow the latest trends in tiling and perfectly match the colours of tiles available in the shops.

The collection of matt colours in the Coordinated Colours Collection has been designed especially for the following floor-level showers with a depth of less than 6 cm: SUPERPLAN, CONOFLAT, CORNEZZA, ARRONDO, FONTANA and ZIRKON. Even the waste covers of these showers are available in the Coordinated Colours Collection to round off the aesthetic design.

Lava black matt co-ordinates with oak black parquetry | Arctic white matt co-ordinates with large format tiles | Ancona brown matt co-ordinates with dark wood flooring | Pasadena grey matt co-ordinates with metal tiles | Catania grey matt co-ordinates with granite | City anthracite matt co-ordinates with slate | Pearl grey matt co-ordinates with exposed concrete

The colours shown here serve only as an indication as the actual colours may be different on account of processes that take place during the printing process.

VARIETY OF COLOURS FOR BATHS AND SHOWER TRAYS

aegean | alpine white | bahamabeige | bianco I.S. | calypso | candel | capri V+B | champagne | edelweiss | greenich | ind.-elfenbein | jasmin | key west Duravit | manhattan | melba Duravit | natura V+B | pergamon | black | soft cream | star white | whisper blau | whisper rosa

The colours shown here match the colours of sanitary ware available on the market. The colours here serve only as an indication as the actual colours may be different on account of the processes that take place during the printing process.

COLOUR

The discreet lily pattern brings a hint of the exotic to every bathroom.

With the exclusive decoration in 24-carat gold, CONOFLAT becomes an individual design object.

Add a little something extra to your private spa area with the "lily" decoration.

Design enthusiasts looking for individual creative results, will value the decorative lily, developed by the Phoenix Design Studio, Stuttgart/Tokyo. Whether it's combined with a wooden or stone floor, with natural stone or simple tile walls, this elegant, understated decoration brings a whisper of exoticism to the bathroom. An unforgettable design element for all CONOFLAT, LADOPLAN, SUPERPLAN and SUPERPLAN XXL shower trays and now for various Kaldewei bath models. The decoration is available both on white and black enamel.

And to experience the sheen of pure gold in the bath, the super-flat CONOFLAT (100 x 100 cm) can be supplied on request decorated in 24-carat gold, making CONOFLAT an entirely individual design object.

DECORATION

EASY-CLEAN FINISH

30-YEAR GUARANTEE

With the optional easy-clean finish from Kaldewei, water simply runs off the bath or shower tray, taking almost all dirt and lime particles with it. Even dried-on watermarks and lime residue can be removed easily. And because stringent cleaners are not needed – just a soft, damp cloth, the easy-clean finish has a positive effect on the environment, too.

The easy-clean finish is a surface finish that is permanently burnt onto the Kaldewei steel enamel 3.5 mm. It ensures unparalleled durability and long life. Even when the surface is wiped 1-2 times a day, the anti-stick properties remain unchanged 30 years later. The easy-clean finish is available for all Kaldewei baths and shower trays and comes as standard with whirlpool baths.

ANTI-SLIP AND FULL ANTI-SLIP FINISH

Kaldewei's anti-slip enamelling consists of a quartz and sand mixture and is fired into the Kaldewei 3.5 mm steel enamel. With its structured surface, it provides a greater level of safety when bathing and showering. The anti-slip enamelling is also available as full anti-slip finish with an even larger base for almost all baths and shower trays. The TÜV responsible for the Rhineland area of Germany has certified Kaldewei's anti-slip and full anti-slip properties in accordance with assessment group B for areas used with wet bare feet (DIN 51097).

The anti-slip finish for selected shower trays offers exclusive design and safety in one. The elegant pattern of this finish introduces a new level of extravagance to the bathroom and ensures an aesthetically suitable extra in terms of safety anti-slip decorative finish is available on all ARRONDO (90 x 90 cm and 100 x 100 cm), CORNEZZA (90 x 90 cm and 100 x 100 cm), LADOPLAN, SUPERPLAN, and SUPERPLAN XXL designs.

ANTI-SLIP

The images showing the anti-slip finish are for illustration purposes only and may deviate from the actual surfaces on account of printing procedures. The exact position of the anti-slip and full anti-slip finish and anti-slip decorations can be found on www.kaldewei.com

Nothing is more effective for creating an individual atmosphere in the bathroom than light. Used during a relaxing bath, coloured light produces a soothing ambience that enhances our feeling of well being. Light transforms the bathroom into an inviting oasis with colour impulses stimulating the metabolism and supplying our cells with new energy while body and soul unwind. Different lighting constellations can be chosen to create the desired mood.

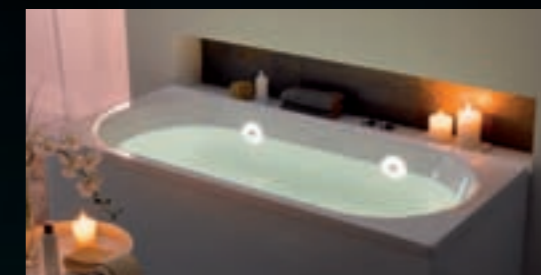

THE LIGHTING SET FOR BATHS

The Kaldewei lighting set for baths enhances the bathing experience through mood-making light effects. White light and spectral light spots are available. The set comprises an LED spot, a control unit with power supply cable and a button in the bath for operating the spot.

INDIRECT LIGHTING FOR BATHS

With indirect lighting for baths, Kaldewei offers an exclusive lighting concept for those who demand the best in design. Four indirect light sources are sunk in the side of the bath, flush with the surface, creating a subtle lighting mood that is all the more effective for its restraint. Indirect lighting is available for all BASSINO, CENTRO DUO and CONODUO models, but not for baths with whirl system.

THE COMFORT-LEVEL AND COMFORT-LEVEL PLUS

Enjoying a relaxing bath depends not only on how comfortably you can recline, but also how deeply you can submerge your body in the water. With the COMFORT-LEVEL and COMFORT-LEVEL PLUS with integrated filling function, the water depth can be increased by up to 50 mm while bathing to suit personal preferences. All it takes is one turn of the lever for maximum bathing pleasure.

for COMFORT-LEVEL

COMFORT-LEVEL / COMFORT-LEVEL PLUS
Regulation of water depth.

WATERFALL BATH INLET WITH AND WITHOUT OVERFLOW FUNCTION

Something for those who love bathing – the waterfall bath inlet by Kaldewei offers a completely new kind of bathing experience. The inlet, which was designed by Phoenix Design, Stuttgart/Tokyo, is integrated harmoniously in the side of the bath. Activating the water fill automatically opens the screen, and an even waterfall pours into the bath. The waterfall inlet with additional overflow function creates a quiet, pleasant atmosphere in the bathroom – with no irritating elements at all on the inside of the bath. The contemporary “click-clack” system is a modern waste concept i.e. the water outflow on the bottom of the bath opens and closes at a gentle touch of the valve ball. A wonderfully elegant solution that meets highest design standards and appeals in form and function. The combination waterfall inlet and “click-clack” is unique.

MULTIFUNCTIONAL CUSHION

What could be nicer after an exhausting day than to lie back, switch off and simply let all your cares drift away? With Kaldewei's multifunctional cushion, this relaxing pleasure becomes reality. The cushions can be used in three ways. Positioned as a footrest or under the thighs, they prevent the body from sliding downwards in larger baths. Positioned as a neck rest they provide a comfortable support for your head and neck. Placed on the sides they act as an armrest.

BATH CUSHIONS

The Kaldewei bath cushion brings another level of comfort to the bath. Its flexibility and soft materials adapt perfectly to any shape of neck and bath. Its volume can be regulated with an air valve – similar to an air mattress. The skin-friendly fabric cover feels delightfully soft and is machine washable. A generous 50 x 30 cm, the cushion also supports the shoulder area and allows a variety of head positions.

RELAX LOUNGER

The Kaldewei Relax Lounger instantly turns a designer bath into a small wellness oasis. Relaxing on the fine fabric, you'll feel as if you're lying on the deck of an elegant yacht. In addition to its design qualities, the relax lounger offers a high level of flexibility. It consists of six elements, two of which are permanently connected to each other making it possible to use the relax lounger as three separate boards with varying applications: as a shelf while lying in the bath, or as a mattress to recline on. If the three separate boards rest on the bath together, they can be connected to create a large stable slip-resistant surface that sits firmly on the bath. Another connection between the relax lounger and bath can be made by attaching fastening buttons. In this way, baths already installed can be retrofitted with the relax lounger. The bearing capacity of the relax lounger is 130 kg and is supplied with a special cushion.

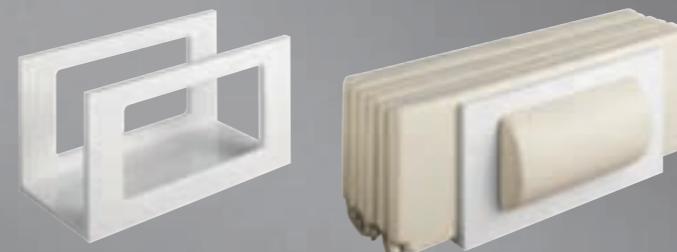

Cushion, size: 40 x 23 x 9 cm. Relax lounger, sizes: 180 x 80 cm, 190 x 90 cm, 200 x 100 cm

INSTALL FLOOR-LEVEL SHOWERS SIMPLY WITH THE INSTALLATION SYSTEM FRAME ESR II

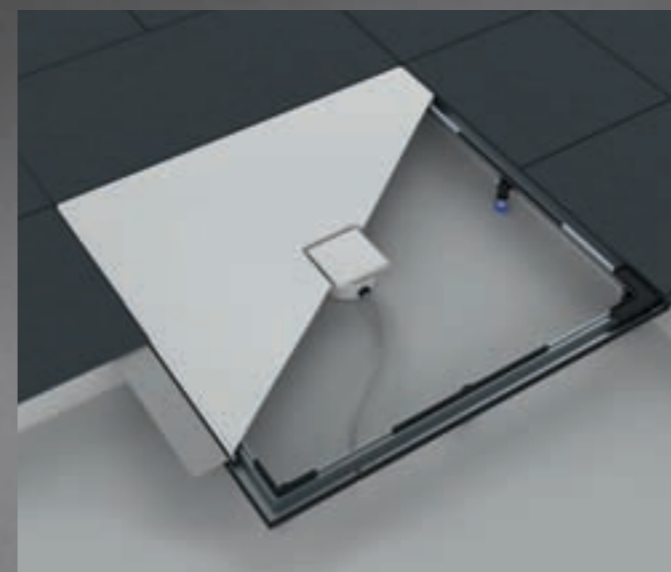

THE MOST COMPELLING ARGUMENTS FOR THE ESR II:

- no moisture or building damage of any kind caused by defective silicon sealant
- optimal safety with creep water connection on ESR II
- very short assembly times and extremely versatile height adjustment
- straightforward maintenance is possible
- perfect noise insulation in accordance with DIN 4109/A1 and SIA 181
- long-term price advantages for operators and investors
- suitable ESR II for each of the following models (for depths 6 cm and below): ARRONDO, BELLEZZA, CONOFLAT, CORNEZZA, FONTANA, SUPERPLAN and SUPERPLAN XXL

STRAIGHTFORWARD, SIMPLE INSTALLATION

The ESR II allows floor-level shower trays to be installed quickly and precisely with optimal stability. Depending on the requirements, various siphon variants are available each with creep water connection. With this complete system you have all the components required to install super-flat shower trays quickly and easily.

The Kaldewei ESR II guarantees floor-level showers to be installed without damage caused by moisture penetration.

ESR II

Establish the siphon position and the course of the connection. Create the floor cavity or recess with suitable aids.

Connect siphon trap to the waste water pipe and carry out drainage test. Then insert the ESR II pre set.

Assemble creep water connection and adjust the ESR II accurately. Then fix the frame with the enclosed fittings.

Stick on fleece butyl sealing tape. If necessary, fill the gap between the floor tiles and the foot frame with supporting material.

By inserting the installation aids, the walls and floors can now be tiled without having to install the shower tray.

The shower tray is installed and the siphon connected to the shower tray. Then the grooves are filled with permanent elastic sealant.

WHAT TYPE OF BATH OR SHOWER PERSON ARE YOU?

Because no two bathrooms are alike, we can offer you more than 300 baths, showers and whirlpools in different shapes, colours and dimensions. So that you can find exactly the right solution that meets your expectations in terms of aesthetics and functionality, we have designed this checklist for you.

How important is your bathroom to you – how should it look?

- a) purely functional
- b) aesthetically pleasing
- c) luxurious

Do you need a particularly large tub because you or someone in your family is 180 cm or taller?

- a) yes
- b) no

Are you concerned about safety? Do you need handles in your tub to help you get in and out?

- a) yes, that would be useful
- b) no, I don't need this feature

Another question about safety. What do you think of having an anti-slip surface in your bath?

- a) it would be good
- b) I don't need this feature

Having a bit of colour in the bathroom would be nice, wouldn't it?

- a) yes
- b) no, bathrooms should be white
- c) it would be nice to have a coloured shower tray to match the tiles

Do you enjoy taking time over your bath/shower and enjoy relaxing?

- a) always
- b) sometimes
- c) rarely to never

Do you prefer an aesthetic look or do you like it to look minimalist and modern?

- a) I like it to have a romantic look
- b) moderately romantic
- c) it must be unfussy

Do you play sport and would you use your bathroom as a personal spa – with a whirlpool or for floating?

- a) yes, that would be great
- b) too many bells and whistles for me

Is it important to you that your bath or shower is designed by a renowned design company?

- a) yes, it's a must!
- b) no, I don't care about this sort of thing

Do you need to save space because you have a small bathroom? Would it be a good idea to combine your bath and shower?

- a) that is the right solution for my small bathroom
- b) I need to have a separate bath and shower
- c) my bathroom is enormous, the tub has to be equally large

A bath that requires minimal cleaning thanks to the easy-clean finish. A dream come true?

- a) yes, that would be wonderful
- b) it's unnecessary because I always clean and dry the bathroom when I've used it

Kaldewei 3.5 mm steel enamel – rather than plastic – is extremely durable with a 30-year guarantee. A compelling selling point?

- a) certainly, because I'll have something for life
- b) a nice plus point, but not crucial
- c) no because my tastes change too quickly

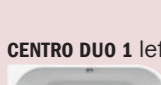

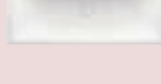

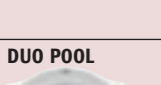

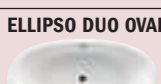

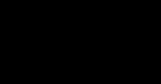

What sort of bath or shower person are you and what type of thing are you looking for?

- a) a bath, because I love taking a bath
- b) a shower, because showers are refreshing and save time
- c) a combined shower and bath because I want to shower and bathe and save space

Are you aware of the trend for floor-level large format showers, and is that something you would be interested in?

- a) yes, this trend interests me
- b) no, I won't be following this fashion
